

ON-LINE LABELER

RM6

INNOVATIVE TECHNOLOGY TO MAXIMIZE EFFICIENCY

ON-LINE LABELING

MULTI-LANE 1-20

720 FRUITS PER MINUTE

ADJUSTABLE HEIGHT

SOFT TOUCH BELLOWS

QUICK CHANGE CASSETTE

RM6

MULTI-LANE

The RM6 labeler is the preferred high-speed solution for selective labeling over multiple lines of singulated produce. Banks of RM6 applicators, mounted over existing sizes or conveyors, function as fully integrated and synchronized components of the packing line.

TECHNICAL FEATURES

Labeling format	Multi-Lane
Multi-frame bank labeler installations ¹	•
Throughput - Fruit per minute per lane ²	Up to 720
Number of lanes	1-20
Label sizes (width)	18-29mm
Selective labeling interface	•
Fruit scanners - Verification ³	Optional
Fruit scanners - Label all (HOS) ⁴	Optional
Applicators synchronize to changing line speeds	Auto
Lane-to-lane timing adjustment	•
Mounting options	Over sizer/grader or singulated conveyor
Manual machine frame height adjustment	Electric
Auto machine frame height adjustment	Optional
Soft-touch, food-safe bellows label application	•
Quick change label cassettes	•
Empty cassette warning light & beacon	•
Chop & blow waste tape collection system	•
Electrical input voltage range	† 480V 60Hz 3Ph + E ‡ 400V 50/60 Hz 3Ph + N + E † 200/240V 50/60 Hz 3Ph + E

¹Suitable sizes only. ²Final throughput speed and mounting options dependent on packinghouse configuration. ³Used in conjunction with Selective labeling interface. ⁴Used independently of the Selective labeling interface.

EXPERTISE & SUPPORT

Our Service Team provides in-field expertise & support as part of your labeling agreement with no hidden costs & for peace of mind.

BRANDING SOLUTIONS

With sustainable label options available, our food-safe fruit labels come in a variety of types, shapes & sizes - customized to your brand & supply chain needs.

CUSTOMIZED SOLUTIONS

We customize our high-speed, singulated, tray & compact pattern labeling systems to your packinghouse operations. Our systems provide reliability & performance.

Sales & Customer Service

Sinclair fruit & vegetable labels

We provide custom-designed, food-safe fruit and vegetable labels in a wide array of shapes, sizes, styles and for all functions. Whether for branding, traceability, PLU (Price lookup code), country of origin, variety, barcode or promotional labeling, our labels will fit any requirement your company has.

FOOD SAFETY

All our labels are approved for use in direct food contact applications. We supply food labels to the highest standards complying with all relevant food safety legislation including US FDA, EU and other bodies.

SUSTAINABLE LABELING

As a pioneer of the first certified compostable fruit label, we have a number of sustainable label options available. Choose from our TÜV Austria OK compost certified home or industrial compostable solutions to ensure your labeling program is environmentally friendly.

BARCODE, QR CODE, DATABAR SCANNABILITY

All barcoded labels - GTIN, databar and 2D(QR) code - are verified to ISO standards during the printing process, so you can expect data integrity and checkout efficiency. 2D codes enable consumer engagement with your product quickly and easily.

LARGE LABELS

Fruit and vegetables come in all shapes and sizes. Our large label is the ideal automated, high-speed label solution for melons, squash and other large fruit or vegetables.

EASY REMOVAL - SINCLAIR TABLIFT®

Our Sinclair Tablift® labels are made from micro-thin high-performance material enabling the label to conform to curved, rough or uneven surfaces with superior adhesion. The unique label feature allows consumers to remove a Sinclair produce label quickly and easily – and all in one piece.

VARIABLE PRINT LABELS

Our Print On Demand technology enables printing of variable information at the point of application at high speed while fruits and vegetables are conveyed at high speeds in the packinghouse.

PEEL & REVEAL - THE LABEL WITH TWO SIDES!

Peel & Reveal labels enable you to delight the consumer with additional messaging or a unique code visible on the back of the label. Utilize the back of your label for your brand, product information or promotion!
