SOFT TOUCH BELLOWS

QUICK CHANGE CASSETTE

V6

SINGLE & MULTI-LANE

Sinclair's V6 labeling system is designed to label fruit conveyed on sizers/graders, singulators, and wave/flighted belts at high speeds.

Available in a single or multi-lane configuration with flexible mounting options to fit any packinghouse. The multi-lane V6 provides labeling for up to four lanes with a single controller. The system can be synchronized with sizers and singulators to automatically adjust for changes in speed.

TECHNICAL FEATURES

Labeling format	Single & Multi-Lane
Multi-frame bank labeler installations ¹	•
Throughput - Fruit per minute per lane ²	150 to 720
Number of lanes ³	1 - 4
Label sizes (width)	18-29mm
Selective labeling interface	•
Fruit scanners - Verification ⁴	Configurable (Scanner supplied as standard)
Fruit scanners - Label all (HOS) ⁵	Configurable (Scanner supplied as standard)
Applicators synchronize to changing line speeds	Auto
Mounting options	Over sizer/grader or singulated conveyor
Manual machine frame height adjustment	•
Soft-touch, food-safe bellows label application	•
Quick change label cassettes	•
Empty cassette warning light & beacon	•
Chop & blow waste tape collection system	Optional
Electrical input voltage range	f 220/240V 50/60Hz 1Ph N+E f 200/240V 50/60Hz 3Ph+E f 400/480V 50/60Hz 3Ph+E

¹Suitable sizers only. ²Final throughput speed and mounting options dependent on packinghouse configuration. ³Can be configured as 1-4 applicators on per lane. ⁴Used in conjunction with Selective labeling interface. ⁵Used independently of the Selective labeling interface.

EXPERTISE & SUPPORT

Our Service Team provides in-field expertise & support as part of your labeling agreement with no hidden costs & for peace of mind.

BRANDING SOLUTIONS

With sustainable label options available, our food-safe fruit labels come in a variety of types, shapes & sizes - customized to your brand & supply chain needs.

CUSTOMIZED SOLUTIONS

We customize our high-speed, singulated, tray & compact pattern labeling systems to your packinghouse operations. Our systems provide reliability & performance.

Sinclair fruit & vegetable labels

We provide custom-designed, food-safe fruit and vegetable labels in a wide array of shapes, sizes, styles and for all functions. Whether for branding, traceability, PLU (Price lookup code), country of origin, variety, barcode or promotional labeling, our labels will fit any requirement your company has.

FOOD SAFETY

All our labels are approved for use in direct food contact applications. We supply food labels to the highest standards complying with all relevant food safety legislation including US FDA, EU and other bodies.

SUSTAINABLE LABELING

As a pioneer of the first certified compostable fruit label, we have a number of sustainable label options available. Choose from our TÜV Austria OK compost certified home or industrial compostable solutions to ensure your labeling program is environmentally friendly.

BARCODE, QR CODE, DATABAR SCANNABILITY

All barcoded labels - GTIN, databar and 2D(QR) code - are verified to ISO standards during the printing process, so you can expect data integrity and checkout efficiency. 2D codes enable consumer engagement with your product quickly and easily.

LARGE LABELS

Fruit and vegetables come in all shapes and sizes. Our large label is the ideal automated, high-speed label solution for melons, squash and other large fruit or vegetables.

EASY REMOVAL - SINCLAIR TABLIFT®

Our Sinclair Tablift® labels are made from micro-thin high-performance material enabling the label to conform to curved, rough or uneven surfaces with superior adhesion. The unique label feature allows consumers to remove a Sinclair produce label quickly and easily – and all in one piece.

VARIABLE PRINT LABELS

Our Print On Demand technology enables printing of variable information at the point of application at high speed while fruits and vegetables are conveyed at high speeds in the packinghouse.

PEEL & REVEAL - THE LABEL WITH TWO SIDES!

Peel & Reveal labels enable you to delight the consumer with additional messaging or a unique code visible on the back of the label. Utilize the back of your label for your brand, product information or promotion!
